TIMSS and PIRLS Sampling Form 3

Participant:	
TIMSS Grade(s) 4 and 8 Explicit Stratification 1. Please list and describe the variables to be used for explicit stratification. Explicit stratification variables # of lease list and describe the variables to be used for explicit stratification. Explicit stratification variables # of lease list and describe the variables used for implicit stratification. Total number of explicit strata: 2 2 2 2 2 2 2 2 2 2	
Explicit Stratification 1. Please list and describe the variables to be used for explicit stratification. Explicit stratification variables # of legacy in the following private in the following	
Explicit Stratification 1. Please list and describe the variables to be used for explicit stratification. Explicit stratification variables # of less # of	
Explicit stratification variables # of less # of les	
Explicit stratification variables # of less # of les	
Explicit stratification variables # of led 1 School type (public, private) 2 3 4 5 5 5 5 5 5 5 5 5	
1 School type (public, private) 2 3 4 5 Total number of explicit strata: 2 mplicit Stratification Please list and describe the variables used for implicit stratification. Implicit stratification variables # of least 1 School-level Socio-economic status (high, medium, low)	
1 School type (public, private) 2 3 4 5 2. Total number of explicit strata: 2 mplicit Stratification 3. Please list and describe the variables used for implicit stratification. Implicit stratification variables # of lease 1 School-level Socio-economic status (high, medium, low)	-vels
2 3 4 5 2. Total number of explicit strata: 2 mplicit Stratification 3. Please list and describe the variables used for implicit stratification. Implicit stratification variables # of let 1 School-level Socio-economic status (high, medium, low)	2
4 5 2. Total number of explicit strata:	
Total number of explicit strata: 2 mplicit Stratification Please list and describe the variables used for implicit stratification. Implicit stratification variables # of least 1 School-level Socio-economic status (high, medium, low)	
mplicit Stratification Please list and describe the variables used for implicit stratification. Implicit stratification variables # of least 1 School-level Socio-economic status (high, medium, low)	
mplicit Stratification 3. Please list and describe the variables used for implicit stratification. Implicit stratification variables # of le 1 School-level Socio-economic status (high, medium, low)	
1 School-level Socio-economic status (high, medium, low)	
1 School-level Socio-economic status (high, medium, low)	evels
