| Benchmarks in Mathematics |  |  |  |

[^1]
[^0]:    * Because characteristics of their samples and data are not completely known, selected achievement results for Mongolia at the fourth and eighth grades are presented in Appendix E.
    ** Represents years of schooling counting from the first year of ISCED Level 1.
    () Standard errors appear in parentheses. Because results are rounded to the nearest whole number, some totals may appear inconsistent.
